Proving the Power of Communications

The practice of public relations has never been broader or braver. Today's communicators move fluidly between strategy, storytelling, data and design. They shape culture, build trust, and influence behaviour in ways that reach far beyond the press release.

The 2026 CommsCon Awards recognise this evolution. We've sharpened our focus on effectiveness, elevated strategic communications, and expanded to include the creator economy, measurement excellence, and long-term impact.

Across agencies, brands, and government, these awards celebrate the thinkers and makers redefining PR and communications, and the measurable difference it makes.

About the Awards

The CommsCon Awards celebrate the full spectrum of PR and communications excellence across Australia and New Zealand.

From creativity and cultural impact to strategic thinking and measurable business results, these awards spotlight the individuals, teams and campaigns driving our industry forward.

In 2026, CommsCon continues to evolve with new and refined categories reflecting the changing role of communications, from data-driven storytelling to creator collaborations, corporate reputation, and long-term effectiveness.

This document contains the information required for entry into the Mumbrella Media CommsCon Awards 2026, including how entries will be scored.

The assessment period covers the 12 months to 5 December 2025.

Entry Submission

How to Enter

Entries are open to all PR and communications professionals working in-house, in agencies, or as independents.

The judging period covers work in market between **6 December 2024 and 5 December 2025**.

Each campaign-based entry must respond to the following framework in **no more than 800 words**, supported by up to five examples of work (images, audio, or video).

Entry Framework

1. Brief: Summarise the business or communications challenge.
2. Budget & Resources: Outline the total budget (excluding GST), campaign duration, and key resources.
3. Insight: Explain the audience, media or cultural insight that informed the approach.
4. Strategy & Planning: Describe how the strategy addressed the challenge and defined success.
5. Execution & Craft: Outline the tactics, creative approach, and delivery.
6. Results & Effectiveness: Demonstrate measurable outcomes, aligned to your objectives.
7. Spotlight: Highlight one standout aspect of the campaign or program.

All entries must be uploaded via the CommsCon Awards portal at **mumbrella.com.au/commsconawards**.

Judging Framework

Campaign entries are assessed on four equally important pillars of excellence.

Criterion	Weighting	What judges look for
Insight or Idea	25%	Original thinking, relevance to audience, clarity of the problem solved.
Strategy & Planning	30%	Clear objectives, research rigour, integration with wider business or brand goals.
Execution & Craft	15%	Quality and innovation in delivery across channels and formats.
Results & Effectiveness	30%	Tangible outcomes that demonstrate impact, whether commercial, behavioural, reputational or social.

Results and Effectiveness - Guidance for Submissions

Judges will score higher where entries provide:

- A defined baseline and target (before/after or benchmark comparison)
- Attribution, how communications activity drove the result, not external factors
- Evidence of business, behavioural or reputational impact beyond reach and impressions
- Budget transparency and, where possible, ROI or cost-effectiveness
- Optional third-party validation (analytics or research partner data)

Entries must be uploaded to mumbrella.com.au/commsconawards via the awards entry portal.

Where additional material is to be supplied, it must be an embedded link or uploaded attachment.

Entries should focus on the work, not the presentation.

Supporting material should be digital, not physical. You may supply up five examples of the work. These can be images, audio or video. Please note video links should show campaigns, not full case study videos and these should be provided via the link. (Acceptable files include: jpegs, audio, and video files up to 5MB.)

Juries strongly recommend that you do not use advertising value equivalency, as it is given little weight or credibility in the judging process.

Please limit each entry to the word limit stated for the category.

In providing financial results, percentage growth is acceptable but please note, the more data that can be provided, the easier it will be for the judges to determine success.

In all cases, please focus on the work, not the presentation of the entry. The jury will not be awarding points based on production values of the entry.

Supporting material should be digital, not physical.

Where appropriate, joint entries from more than one agency are welcome, and indeed encouraged. The jury does not wish to see more than one entry in the same category for the same piece of work, so solo agency entries should ensure they have client sign-off.

Care must be taken to credit collaborating partners in the entry. The jury may choose to exclude work which obfuscates or misrepresents the role of the submitting agency.

An entry may be submitted into more than one category where relevant.

The period being judged comprises work in market during the 12 months preceding the closing date for entries, i.e. 6 December 2024 to 5 December 2025.

The decision of the jury is final, except where new information comes to light after judging, in which case a ruling may be made by Mumbrella CommsCon Awards and parent company Mumbrella Media in consultation with jurors. Where misleading information is supplied, regardless of intention, we reserve the right to disqualify entries.

Further Details:

All entries submitted must have been created within the context of a commercial relationship with a client, (except in the case of non-profit organisations). The client must have been invoiced for the majority of costs incurred in the creation of the work.

The scope of the awards covers teams based in, and activity conceived in, Australia and New Zealand.

We reserve the right to move entries across categories where it is appropriate to do so.

Should the entrant decide to withdraw work, the event manager in charge of the event must be notified in writing before the shortlist is announced. In the instance that work must be withdrawn, entry fees are non-refundable.

Information contained in the entry may be used in the voiceover at the awards presentation or elsewhere unless otherwise requested in the entry.
